# frogLMS

Are you looking for an LMS that understands the intricacies of legal practices and compliance?

We have been tailoring our LMS platform to meet the demands of legal and law firms, offering a suite of features meticulously crafted to simplify compliance, training, and ongoing professional growth for solicitors, paralegals and partners. All these solutions can be amended to suit the language you use and the way that you work.

Discover what innovative features set **Frog**LMS apart...

Continuing Competence

Create Personalised Learning Plans and Personal Development Plans to reflect your requirements with **Frog**LMS.

Log evidence and track CPD

Including APIL, CILEX and Costs Lawyers solutions and use similar workflow to record Equivalent Means Portfolios.

Comprehensive Reporting

Schedule compliance reports to monitor staff progress and ensure alignment with the latest regulatory requirements.

Streamlined Training Diaries

Create and manage PSC and SQE training diaries for your staff, enabling them to stay organised and up to date. Supervisors will be able to access their trainees' diaries to support and sign off evidence.

SRA Compliance Made Simple

Ensure seamless submission of your annual declarations to the SRA using with **Frog**LMS.

Stay Updated with Ease

Effortlessly plan both initial and refresher training for your staff, keeping them informed of compliance requirements and regulatory changes.

Efficient Qualification Management

Import and store existing qualifications and memberships in a searchable database for easy access and reference.

Evidence and Reflections

With **Frog**LMS, you can add learning feedback in evidence and add reflection for continuous improvement.

LEIGH DAY

"**Frog** have been brilliant from the outset, actively spending time to understand our specific business needs. The time the **Frog** team have spent to help us realise our vision has been paramount to ensuring an effective and well received roll out."

Harry Collins
Senior Learning and Development Manager
